

## Next generation mobile thin client for today's workers.

INTRODUCING THE New 14w Gen 2 THIN CLIENT NOTEBOOK FOR VDI EVERYWHERE.

Notebooks for VDI have tended to be traditional products that have been repurposed. That is, until now.

The new 14w Gen 2 Thin Client Notebook is made with enterprise users in mind. From its smart, sleek design to its invaluable features and light weight, the 14w Gen 2 is the perfect VDI endpoint.

The 14w Gen 2 can be powered by almost any thin client operating system and delivers your VDI desktop, whether RDS, Citrix or Horizon View to wherever you are.

The 14w Gen 2 also boasts a 720p webcam with dual microphones, perfect when you are in a Skype for Business or Cisco Jabber conference.

And let's not forget its durable design—the 14w Gen 2 is built to handle the most common mishaps. The 14w Gen 2 makes the perfect, mobile enterprise VDI endpoint.

### HEAD OF THE PACK

The 14w Gen 2 is the smart, yet simple VDI sidekick your users have been waiting for. The 14w Gen 2 makes working in VDI environments more efficient than ever before. Plus, its 720p front-facing webcam with dual microphones is ideal for video conferences, and presentations. With the versatile 14w Gen 2 Thin Client Notebook, your users can increase their productivity wherever they are.

### BETTER APPS & BETTER BATTERY

Designed to eliminate tech-stress, the 14w Gen 2 delivers the features, speed and performance needed to help today's and tomorrow's bright minds. With 13.5 hours of battery life, the 14w Gen 2 will last from the start to end of work. The fast charging of the 14w Gen 2 means that you are almost never off the ball.

### SLEEK & STURDY

The 14w Gen 2 brings the "wow" when it comes to smart, stylish VDI tech. It delivers a sleek, clean and modern design chock-full of the best innovative features. Pair all that with its water-resistant keyboard and anti-peel keys, and you have a premium mobile thin client sturdy enough to handle any enterprise user catastrophe.
